SAN MATEO COUNTY GIVEN EARLY DATE

San Mateo county will have a splendid opportunity to display its beautiful floral creations at the grounds of the Panama-Pacific Exposition in the form of a "Violet Ball," which will be given on Thursday, February 25th, San Mateo County Day This occasion will give the county a chance to tell the world what it can do in the way of cultivated flowers. Beautiful flowers spell an ideal climate with an abundance of sunshine. This should meet with the hearty approval of the exposition visitors and the "Violet Ball" will undoubtedly be a novel treat.

The county commissioners of the P. P. I. E. held a meeting Monday in the courthouse with the members of the Woman's Auxiliary of the county, and representatives of the various women's organizations. H. P. Bowie, chairman of the fair commission, presided.

The entire discussion of the morning was given over to plans for the official San Mateo county day at the exposition. This event is scheduled for February 25, just five days after the opening, and will be the first county day on the calendar. A. B. Cleveland, fair commissioner and special envoy from President Moore to this meeting, made an address in which he stated that the exposition directors are most anxious to help the county in its entertainment. Sousa's band of sixty pieces will greet the committee, and every possible courtesy will be extended throughout the day. Two bands to assist in the festivities will also be donated.

Tentative plans were made to hold a reception in the afternoon in the California building and a "violet ball" in the evening, distinctive of the violets of the floral county. Violets will be in profusion everywhere as the decorative scheme, both afternoon and evening, and at the reception in the afternoon bouttonieres and corsage bouquets of this flower will be presented to the guests.

The charge of the entire day has been passed over to the Woman's Auxiliary, with the co-operation and financial backing assured them by the county commissioners. The county commissioners present were H. P. Bowie, Dr. C. L. Morgan, George R. Sneath, J. McCormick, and A. G. C. Hahn. H. C. Tuchsen, the executive secretary, was present also.

Among the women present were Mrs. Henry Ward Brown of the Woman's Auxiliary of Colma, Mrs W. J. Martin of the South San Francisco Woman's Club, Mrs. Geo. Probasco of the Burlingame Woman's Club, Mrs. Max Elftman, Mrs. Harry Hermance, Mrs. C. F. McCarthy of the San Mateo Woman's Club, Mrs. Mary M. Miller and Mrs. W. E. Hostetter of the San Mateo County Center, Mrs. George A. Merrill of the Redwood City Woman's Club, Mrs. John Johns chairman of the County Auxiliary, Mrs. F. L. Olmsted, and Mrs. J. Farnum of the County Auxiliary, and Mrs. J. D. Bromfield of the County Beautification Committee.

CITY ATTORNEY KIRKBRIDE PROMOTES HEALTH LAW.

City Attorney Kirkbride of San Mateo spent two days in Sacramento last week and while there devoted some time to legislation in which the League of California Municipalities is interested. The league's committee on legislation has very few bills to present this year, but several of those few are important.

The most far reaching of the proposed measures is an act to reorganize the state board of health and give it control over the inspection and marketing of milk and meat. City officials throughout the state have had great trouble in handling the dairy and cattle business, because of the fact that most of the dairies are outside city limits and much of the meat sold within cities is killed outside. To remedy this trouble they want uniform innspection and state control.

The committee is interested in many minor amendments to the street improvement acts and Mr. Kirkbride has a new street assessment bond act of his own which the committee will support. It has received much praise from attorneys who have examined its provisions and has already been introduced in the Assembly.

NEW LAWS THAT THE WOMEN WANT

Five bills that the thinking women of California will urge enacted into state laws by the present California legislature are being consideration by the State Civic League.

First, they will urge the passage of a child-labor law which will improve on the existing law and prevent all children under the age of 12 being employed at professional labor, will permit children under the age of 15 to engage only in such labor as that of the agricultural and viticultural harvests and of the domestic home, and will debar children from all vocations that are dangerous to life or limb.

Second, they will urge the adoption by California of the birth-registration law drafted by the federal bureau of which Miss Lathrop is the head and which has already been adopted by many states of the Union, one purpose being to secure legal record of birth that will simplify ultimate proof of inheritance and will also give each child a legitimate recorded parantage.

Third, they will advocate a home-teachers' bill, providing competent teachers in the congested communities to visit the homes of the illiterate and the foreigners and encourage mothers and children there in sanitary and domestic duties and in a comprehension of the women's new duties as voting citizens of California.

Fourth, they will work for an improvement of the present compulsory education law, amending it so that, instead of compelling a child to attend school up to the age of 16, the limit designated shall be satisfactory scholastic completion of the grammar-grade course, thus removing the old inclination of the idling boy or girl to make no progress in school, but merely to linger on and kill time because compelled by law to remain.

Fifth, they will urge the passage of a new law providing for women jurors; both women and men on all grand juries, either or both women and men on all trial cases and always women on civil cases where the defendant is a woman.

In addition to these five measures on which the civic league of women and the clubwomen of California will concentrate their political and lobbying efforts at Sacramento there are two other measures that they favor and will help promote, if they get the others.

One is the adoption of a law providing a separate home for higher-class defectives who are too intelligent to be committed to a home for the feebleminded, are not insane, and yet morally a menace in communities where there are women and girls of child-bearing age.

Still another change the women of California would favor is the passage of a law requiring that women be given membership on certain of the state commissions, such as the lunacy board, the health board, and other bodies, in which the life and welfare of women are matters to be managed.

The unidentified woman who was found wandering the streets of San Mateo last week and was sent to Agnews, is thought to be Miss Pauline Sullivan, a wealthy young woman of Washington, D. C. Relatives are on their way to the coast for the purpose of identifying her.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

POPULATION 100 MILLIONS.

On April 2, at 4 p. m., the continental United States will have a population of exactly 100,000,000. That is the statement made by C. D. Sloan, geographer of the Census Bureau at Washington.

How can any body know that? Well, the mathematicians work it out by law of averages. In dealing with large numbers that law is almost absolutely correct. They take as a starting point the last census; add the immegration, deduct the emigration, add the average yearly number of births multiplied by the number of years since the census year 1910; and deduct the average yearly number of deaths multipiied by the number of years.

By similar methods the life insurance companies know almost exactly how many people will die in any year. Similarly, too, an editor knows almost exactly the result of an election as soon as he has received returns from a fair percentage of the places that voted.

Another statistician at Washington, however, uses a different system of computation. This is J. S. McCoy, the actuary of the Treasury Department. He calculates that the Unite Stated will pass the hundred-million mark in the last days of the present month, probably to-day.

INCOME TAX RETURNS.

On or before March 1, 1915 a return of income must be filed by every individual with a net income of $3,000 or over, and by every corporation, whether that corporation had income or not for the year 1914. It is of the utmost importance that this final date when a return can be accepted without penalty be understood by the public. The law requires that returns be in the hands of the Collector not later than March 1st. It will not be regarded as obedience to the law, therefore, that they be mailed on March 1st; they must be mailed in time to reach the office in the ordinary cource of the mails not later than March 1st. Failure to file a return within the proscribed time will subject the delinquent taxpayer to an additional tax of 50 per cent. and liability to a penalty of not less than $20 nor more than $1000.

Those liable to make return are urged to do so at the earliest possible date and not wait until the last day when, through inadvertence or oversight, they may fail to file their returns and thus subject them selves to additional taxes and penalties.

If any person does not understand the requirements of the Federal Income Tax Law he should at once write to the Collector of Internal Revenue at San Francisco for information and his letter will receive prompt attention.

Every person with a net income of $3,000 or over must make return whether he or she be single or married. In this return a single person may claim exemption to the amount of $3,000 and a married person living with wife or husband to the amount of $4,900. It is possible, therefore, that certain married persons will be required to make returns even though they may not be subject to the tax.

WHAT TWENTY-FIVE YEARS HAVE ACCOMPLISHED FOR US

Let us take a little excursion back over the past twenty-five years which we have been permitted to spend in this sunkissed valley of ours, where the birds' songs greet our ears at all seasons of the year, where the air is balmy and where Old Mother Nature is doing her best to make us the most blessed of all her children. Twenty-five years isn't so very much of a span in the history of a city or of a state, but out here in the Far West twenty-five years is a good long time. Twenty-five years ago, oh, yes, you were only a youngster then and didn't pay much attention to things and you didn't mind the mud of Main street as you waded across from Hurd's Store to the Old Eureka Corner.

Let's see, we got our electric street lights just twenty-five years ago. Don't you remember, a fellow by the name of Otto Brandt was running the old mill (now the Horstman Chemical Works) and decided to put in a dynamo and, the town had its first electric lights. Wasn't there a lot of excitement when they were turned on that first night. How the boys ran from lamp to lamp and watched the carbons sputter. And, oh yes, don't you remember that Cy Davis was so happy about it that he rang the firebell. And then after a little while we had incandescent lights put into some of our houses. We didn't like them much, though, for they flickered too much and weren't so reliable and steady as our old kerosene lamps. But then, you know, we wanted to be in the swim.

And say, don't you remember what a lot of excitement we had when the town trustees decided to put in sewers all over the town. There wasn't another community of our size anywhere that was going to be so up-to-date as we were. But some of the older and wiser ones amongst us stood down on the Grand Hotel corner and said that it couldn't be done. The town was too low and we couldn't get enough of a fall to have a decent system. And the idea of making anyone put in a patent toilet if he didn't want to. They'd show the town trustees who owned their property. By golly, they wouldn't stand for it. But, by golly, they did.

And just about that same time W. Z. Price came along with his sublime faith in "Our Town" and built the finest hotel that you could find anywhere in the state outside of San Francisco. Wasn't that going some. And John Christ had to move his wood and coal yard off of Bridge street to make room for it. But still in winter time we had to wade in mud above our shoe tops when we wanted to cross the street and then Price laid a Cement sidewalk—yes sir, a CEMENT sidewalk—in front of his hotel, and then Pap Hughes had one laid in front of his place. It'ud crack though, everybody knew it would; adobe wasn't any kind of a foundation to put a CEMENT sidewalk on. And say, don't you remember the time when we decided that we wanted a new school house. Mr. Hartley said that there was too much noise with so many trains going by the school and Charley Kreiss said that he was for new schools alright but the trains didn't bother him when he went to the old school and Jack Ford up and made Charley 'fess right-out that there weren't any trains passing the school when they were there. We got our school all right, and then the high school. John Bergen said he didn't see why they didn't put another story on if the school wasn't high enough. He was the same fellow who said he voted for everybody but Geo. Fox and had put a cross along side of his name. Maybe you think he wasn't mad when he found out that he had voted for the only man that he didn't want to.

Yes sir, we got the high school and then Henry Walker suggested that we put in good hard surface streets and by jingo if he and George Rice and Louis Frank and some of the others didn't force it through—yes they did and we had a good street. And so we went on and got everything that was good.

Do you know that we've got over fifteen miles of good hard paved streets and over thirty miles of cement sidewalks and lights at every corner and just about every thing we need to make us happy. Pretty soon we wont even have to go to the post office to get our mail because we have our streets named and numbers on our houses. And we've got the finest suburban court house in the state. But—what's the use—you know what we have, so go ahead and boost it. Tell your friends about it and buy the things you need at home and make the old town the good town it ought to be.

The bill contains the Redwood City project so that the proper department will now take up the matter and make the preliminary survey. An appropriation will be secured later. The following telegram was received at the office of the Times-Gazette: Dr. D. E. O'Keefe, Dear Sir:—Bill passed House on January 20th with Redwood City project in it. Yours, E. A. Hayes.

After Game Law Violators.

Edward Boicelli and John Costa were arrested on Monday by State Game Warden T. F. Maloney and assisted by Game Warden Burke of Colma for killing meadow lark. The lark is a song bird and therefore there is no season for hunting or killing it. Boicelli was sentenced to pay a fine of $25 by Judge Seely and Costa was also sentenced to pay a similar fine and to take out an alien hunting license, costing $25. When arrested Costa had the regular $1 hunting license in his possession. On Tuesday Maloney also arrested V. Artuso for shooting ducks at the salt works under a $1 hunting license. Seely set the case for hearing for next Tuesday. The game warden has been after Artuso for some time but was unable to arrest him.

PROPOSES BIG TOURIST RESORT FOR PALO ALTO

Joseph Larkin, who was born and raised in Redwood City, through his attorney, Walter Rodgers, has made a proposition to the Palo Alto city council to take over on long lease the eight-acre park tract on the Mayfield side of University avenue.

Larkin's scheme implies a ninety-nine-year lease from the city, his paying of $1000 rental a year and guarnteging to erect upon the property a $25,000 tourist hotel, fronting on the avenue, near the state highway corner and standing back 100 feet from the avenue and seventy-five feet from the highway, with an ncurving entrance driveway through ornamental grounds at the front of the hotel. In the rear would be tennis courts, handball courts, croquet areas and other features appropriate to a tourist resort, while along in the rear adjacent to the Southern Pacific railroad tracks would be storage sheds, an ornamental hedge intervening between the right of way and the hotel.

His definite offer is to take over the whole eight-acre tract and at once obligate himself, during a three-year option, to pay $500 a year, of a total of $1,500 cash, as a guarantee of good faith. If at any time prior to the expiration of his three-year option he shall have completed his hotel as planned, then the option to terminate and from that time on he is to pay rental at the rate of $1000 a year each. If he fails the city will be richer by $1500.

The only new obligation on the part of the city would be to secure from Stanford University a ninety-nine-year lease, instead of the fifty-year lease now held by the city and for which it is paying $1000 a year for the entire tract of twenty-six acres. Mr. Larkin is one of the largest property owners of Palo Alto and one of the most enterprising citizens of that city.

Only a short time ago she resigned her position as a member of the park commission of this city. Mrs. Kalenborn was also a prominent member of the Redwood City Woman's Club. Mrs. Kalenborn is a daughter of Mr. and Mrs. C. D. Hayward of this city

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old style ready-made, cough syrups in bottles holding only 2 to 2½ ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to Ryan's Drug Store and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectorant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchial Asthma, Bronchitis, croup, hoarseness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positive'y contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above druggist has been authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under this positive guarantee.

DEATH TAKES AN ESTEEMED EARLY COUNTY RESIDENT

Saturday evening, after a long and hopeless illness, Mrs. Annie Gilbert, one of the esteemed old residents of this city, passed away at her home on Winslow street. Mrs. Gilbert was the widow of Stephen B. Gilbert, one of the county's early surveyors who died twenty years ago. She was the daughter of Captain George Watkins, who came to this county in 1851.

In April of that year, Captain Watkins, a hardy English seaman, set sail from Liverpool in his own vessel, the Lord Riversdale, with his wife and four children, for California. After a stormy passage of seven months which took them around Cape Horn, they reached San Francisco. There Captain Watkins sold his vessel and came to this county, locating for a time on the Hawes ranch near Redwood City. His children attended the first school that was opened here. Later he moved to a ranch near La Honda and made his permanent home.

The deceased was married to Stephen B. Gilbert in 1859, and seven children were born of the union, they being Mrs. Fannie Green, George S., Emma C., Mrs. Jessie Fraser, Henry S. and Eva Gilbert, and the late William B. Gilbert. She is also survived by a sister and a brother, Mrs. Munro of Woodside and William Watkins of La Honda. She was 72 years of age.

The funeral took place Tuesday afternoon from the family home. Services were conducted by Rev. David Crabtree, after which the body was taken to Union cemetery for burial. The presence of many friends testified to the high esteem in which the deceased was held.

ZIMMERMAN DISCHARGED AT PRELIMINARY HEARING

The preliminary examination of T. R. Zimmerman, charged with a statutory offense, sworn to by Evelyn Gomez, was held before Justice of the Peace G. E. Seely Thursday evening, court convening at 7 o'clock. District Attorney Swart appeared for the people and Joseph J. Bullock appeared for the defendant. The complaining witness was sworn and gave her story in answer to questions by the District Attorney. Under the gruelling cross examination by attorney Bullock it developed that the alleged offense was supposed to have been committed almost three years ago in the presence of defendant's wife; that neither the witness or defendant's wife ever spoke about the affair until a short time ago, when the Gomez girl was visited by Mrs. Zimmerman at San Mateo for the purpose of securing her appearance as a witness for Mrs. Zimmerman in a divorce proceeding recently commenced against Mr. Zimmerman. The girl very reluctantly admitted that she had recently had several interviews with Mrs. Zimmerman about swearing to the charge and at her request came from San Mateo to Redwood City for that purpose. It developed that she concluded on last Tuesday to leave San Mateo to escape the unpleasant notoriety occasioned by the case, and went to visit relatives at Berkeley. After argument by the lawyers, the Court concluded that the evidence did not fit the charge, intimating that there appeared to be other motives behind the pressing of the case against Zimmerman, and concluded by exonerating the defendant and ordering the case dismissed and his bondsmen released.

The newly-organized Boosters' Club of the local high schol has planned as its first entertainment, a jitney bazaar, which will take place on Friday evening, February 5th. An art gallery will appeal to lovers of art, while a penny dance, designed for the entertainment of those who are devoted to the light fantastic, will be another of the evening's attractions. At 7:45 a short entertainment to which a trifling admission will be charged, will be given in the assembly hall. The proceeds of the bazaar will be used for athletics.

To the Public.

Last week Miller entered a garage at San Mateo and stole five tires. He pleaded guilty to the charge of burglary when his case was called on Thursday and was at once sentenced by the court. Miller is an ex-convict, having served a term in San Quentin. It is believed by the officers that he is the man that has been burglarizing the various post offices in the county during the past six months. Civil Action Dismissed.

On Thursday Judge Buck granted the motion of Attorney Kenneth Green to dismiss the damage suit of Dante Tamo against Albert Meyer. The case was begun in San Francisco more than three years ago but was recently transferred to the Superior Court of this county for trial. The ground on which the action was dismissed was on account of the long and unreasonable delay in serving the summons and the return thereof, three years having elapsed from the time the suit was begun until it was served. Plaintiff brought the action to securing damages in the sum of $2000 for personal unjuries received by being run over by an automobile operated by Meyer on Valencia street, San Francisco, some years ago. James G. Maguire appeared for the Japanese and Kenneth M. Green for Meyer, who was formerly a member of the board of town trustees of the City of Burlingame.

The Peninsula Whist Club of Menlo Park held its second meeting at the home of Jas. T. O'Keefe Wednesday evening. All the members were present. Findlay Cook and Mrs. K. Gale carried off the prizes. The next meeting of the club will be held at the home of Mrs. P. H. McEvoy.

Percy Ellings has moved to the Castillana cottage on Pine street. Mr. Ellings is the chief gardener for the Lynch nurseries and has a national reputation as a chrysanthemum grower. He carried off all the first prizes at the recent flower show held at the St. Francis hotel, San Francisco.

Archie Corrie is here from San Francisco to superintend the overhauling and repair work on the Heller mansion at Atherton. Archie is well-known in town, having been here on numerous occasions to superintend work. He and his father did the contract for the Payne mansion and other large buildings.

The south bound flyer on Tuesday morning struck "Jack" the pet canine of Miss Bessie Mason, inflecting severe injuries. The dog lingered until yesterday when Mr. Mason chloroformed him and put the animal out of pain and ended his sufferings. "Jack" was a ribbon winner, having won two first prizes at a dog show held at Santa Cruz some years ago. "Jack" was a thoroughbred fox terrier.

Two trees on Santa Cruz avenue, near the William Hammerson blacksmith shop were cut down during the week, preparatory to rebuilding the thoroughfare. The supervisors on Monday will award a contract for the work. The highway will be constructed after the manner of the Middlefield froad from Duff and Doyle corner to the Con's bridge. When completed it will be one of the finest drives in the peninsula

The news that Dr. Wilbur is to be head of Stanford University is pleasing to the doctor's numerous friends in this community. He is to take the place of Professor Branner. For some time Dr. Wilbur has been dean of the Cooper Medical College at San Francisco and before that time was a practicing physician at Palo Alto with a large clientele in Menlo Park. Dr. Wilbur is accounted one of the most skillful physicians and surgeons in the State.

Game Warden T. F. Maloney arrested John Newton, poundmaster of Palo Alto, during the week for hunting with a citizen's license costing one dollar, when he should have taken out an alien's at a cost of $25. Newton was fined $25. A peculiar circumstance attending the arrest developed the fact that Newton was holding a public position which should have been filled by a citizen and not by an alien. Mr. Newton most likely will lose his position as well as his $25.

Duff and Doyle store was robbed for the second time in three months last Wednesday evening. An entrance was gained throuhg a rear door. The robbers removed considerable cutlery and other articles to the value of $25. The thieves left no tract of their identity so hat it will be hard to apprehend them. Sheriff Sheehan and Constable M. Walsh are scouring the country for the culprits but as the officers have no clue to work on it is hardly possible they will capture the guilty parties.

Mrs. James Flood was hostess at one of the elaborate luncheons of the year when she entertained Monday afternoon in the St. Francis Hotel. The affair was held in the Italian room, where the guests were seated at one large round table. A tall silver vase filled with dainty pink blossoms was set in the center of the board and similar flowers were set at its base. A large number of Mrs. Flood's friends were present. Another pretty event in San Francisco was the luncheon give at the Palace Hotel Tuesday afternoon by Mrs. Frederick Sharon in honor of Miss Augusta Foute who recently returned from Europe.

Patrick Kelly and Miss Helen Killian were united in marriage in Sacred Heart Church, San Francisco, Father B. McKinnon officiating, last Sunday afternoon. Mr. Michael Maloney of this place acted as best man. After the ceremony the bridal party adjourned to a down town cafe where the wedding breakfast was served. Mr. and Mrs. Kelly are spending their honeymoon in Los Angeles and on their return the couple will make San Francisco their permanent home. Mr. Kelly expects to engage in the automobile business in that city. The pretty bride has been employed in the family of J. Henry Meyer for some years and is held in high esteem by her employer. Mr. Kelly has resided here for the past ten years. The marriage of the young people is the culmination of a romance begun in Ireland many years ago when both were classmates at a country school.

EVERYBODY IS RICH

What a wonderful country is California

Nearly everybody is rich

Nobody needs to work—

The sun shines in the day time and the moon shines at night the ozone blows in from the ocean

There is health and wealth

What a glorious country is California

We are led to make these observations because of our experience in endeavoring to get some people to form the organization that will be necessary to carry on the work of THE REGENT

The other day we advertised in a daily paper and in a weekly paper for seven people— male and female— white or colored

Most of the work they are to do will occupy but five hours daily

The work is to be pleasant and never onerous

The work will bring the workers into contact with the best people on the Peninsula

The pay will be certain and the condition under which the work is to be performed will be all that workers can desire

Yet only five people answered the advertisement— which indicates that all the other readers of those two papers do not want that kind of employment don't need it nor did they known any one who did

What a glorious country is California

For your information we are appending the advertisement in full at this writing none of the positions are filled

If you know of any one who needs work or would like to work and will ask him to answer in writing we shall be glad to give consideration to the application

The advertisement follows:
